

# Left Right Game

*Listen to the story and pass the gift to the right or the left*

Miss **LEFT** and Mr. **RIGHT** met at a dance, where they accidentally bumped into each other **RIGHT** in the center of the dance floor.

Miss **LEFT** was shy and almost **LEFT** the party, but Mr. **RIGHT** persuaded her to stay.

As they danced together, they knew they were so **RIGHT** for each other.

They began to date and fell in love, always holding hands (sometimes with their **LEFT**, and sometimes with their **RIGHT**)

When Mr. **RIGHT** proposed, he got down on his **LEFT** knee. Miss **LEFT** happily accepted and they began planning their wedding day.

On the big day, Miss **LEFT** wore a stunning white gown with a **RIGHT** shoulder strap, while Mr. **RIGHT** wore a black tuxedo with a boutonniere on his **LEFT** lapel.

The wedding ceremony was perfect, with Miss **LEFT** standing on the **RIGHT** side of the altar and Mr. **RIGHT** on the **LEFT**.

They exchanged vows and sealed their love with a kiss.

At the reception, Mr. **RIGHT** and Mrs. **LEFT** danced the night away even though they both had two **LEFT** feet.

It was the best day of their lives.

Everything felt **RIGHT**.

Mrs. **LEFT** and Mr. **RIGHT LEFT** for the honeymoon the next morning.

This was a great story, am I **RIGHT**?
